

# Record Your Answer - For Judgment Time

Papi - September 8, 2010

I asked of one ... "How is it you've come to be  
so bent, so twisted, so unusually maimed?"  
He said "Record your answer - when you tell me  
and ALL will know if you've lived in vain"

And so I - told him just what I desired to know  
I saw every struggle every assault and crime  
From the seed planted and forced to grow below  
So I gave Him my love for judgment time

I asked of three ... "Whose strength is it I view  
for All seem bonded and delicately placed?"  
They spoke as one "Record your answer - it is for you  
to study the vision 'til it be erased"

And so I - from points and places from six in all  
Down paths and through gates and 'cross bridges sublime  
Through ages and worlds to find its center to resist the fall  
So I gave Him my love for judgment time

I asked of many ... "How far have you come and do you agree  
that where you are is cause of choice?"  
Each said "Record your answer - for we All are here to see  
the limits of our placement according to His voice"

And so I - learn to retell what All is mastering to teach  
From the zones and planes and from levels to climb  
To seek the seventh One and the center of each  
So I give Him my love ... for judgment time
